

OPTION FOR MEETING PHYSICAL EDUCATION CREDIT REQUIREMENTS FOR GRADUATION

Students may complete an additional one-half (.5) credit in English, social studies, mathematics, or science in lieu of one-half (.5) credit in physical education when they participate in a WIAA-sponsored sport as part of the District's athletic program. The participation in the sport is not counted as the substituted course. The final one-half (.5) physical education credit will be substituted.

Courses to be included for substitution include any non-required course in English, social studies, mathematics, and science departments listed annually in the Academic and Career Program Guide. The one-half (.5) credit substitution must be beyond the minimum graduation requirements in these subject areas.

The following conditions will apply to be eligible.

- A. The student must participate in a junior varsity-level or varsity-level sport for the entire season in grades 10 or 11.
- B. The student must not have been out for more than 10 practice and/or game days for injury or illness for the sport season.
- C. The student must not have any violation of the co-curricular code resulting in a suspension of one or more competitions for the sport season.
- D. The student must be an athlete eligible to compete during the duration of the season.
- E. To be eligible, as stated in the Academic and Career Program Guide, students must complete 1 credit of Physical Education including Foundations of Physical Education.
- F. Students must register for the 5340 Physical Education III WIAA - Registered during course registration in the school year prior to completing the sports season.
- G. Students must obtain signatures from the coach and Athletic and Activities Director after successfully completing the sports season and submit the completed forms to their counselors.
- H. Students submitting the forms and having substituted an academic course for .5 credits will then be transferred from the 5340 Physical Education III WIAA - Registered course to 5341 Physical Education III WIAA - Completed course.
- I. Students not transferred to course 5341 by the end of their junior years will automatically be registered for one-half (.5) credit of Physical Education face-to-face course for their junior or senior years.

It shall be the policy of the Board to periodically review and revise this policy specifying the criteria for awarding a diploma.
