Menomonee Falls ended up winning the tournament today which was a tough way for us to finish, but we gave a good account of ourselves in general. I was proud of Thomas Kellicut, Devin Proksch (who saw his first ever varsity action) and Allan Kreuser for stepping up and performing well all day. Even though our #3 doubles lost all three matches, they said they had fun and still were smiling at the end of the day. Matt Melsheimer has been a great team member and leader all season. He willingly tackled the #1 singles spot knowing he was going to have 3 very challenging matches. In his last set of the day he pushed his opponent hard leading 4-3 before his opponent kicked into an extra gear to close out the match. I saw some progress and learning in these players which overall was a positive for the day!
