<p>Pewaukee brought a deep team over to play today. Unfortunately Kevin wasn't able to finish his 4th singles match before the rain made the courts unplayable. Kevin's opponent was definitely the best 4th singles player Kevin has played thus far, but Kevin made a very nice comeback after a tough first set and was leading. While we didn't fair too well in the other singles spots but as we've committed to team first, that allowed us to perform well overall in the doubles positions. Tanner and Matt had some ups and downs, but ultimately played very well in the match tie break to pull out a nice win. Kris and Nathan showed some nice flashes of very good doubles play, but ran into some players with better overall skills. James and Michael looked good securing their straight sets victory. This was a good test in preparation for our 5 matches this weekend and then the start of conference play next week.</p>
