<p>Coming out of our first match of the season with a 6-1 win was a great start to the season. With some new doubles teams and lots of question marks as to how to utilize the players best in the lineup this was reassuring to us as coaches and a good confidence boost for the players. I was very pleased with our doubles teams and their general effort to employ the tactics that we've discussed. In singles there were some nice flashes of skills, but some consistency issues that we need to improve on. I was very pleased with Tanner, Gabe and Kevin's second set improvements in regards to consistency. It was fun to see Matt and Nathan play together as brothers and also exciting to see James, Philip and Allan pick up their first wins.</p>
