Individual Chart Explanation

Each player has a conference rating, and each week the teams play each other in dual meets. The Varsity Team is the top five players by Rating Rank, and they play in order. The JV team are the next five players. For instance, Greg Pfothenhauer won the third week on Board 5, thus the "W5" under "Wk 3". The varsity boards are weighted in point value, from 10 points for a win on board 1, down to 6 for a win on board 5, while the JV Boards are all worth 5 points. Thus Greg won 6 points for that third week victory. Players after board 10 are exhibition, indicated by an X.
