

2015 High School Sports Physicals

The Froedtert & the Medical College of Wisconsin health network is offering Wisconsin Interscholastic Athletic Association (WIAA) required sports physicals for high school athletes. The assessments are designed to recognize potential medical and orthopaedic risk areas and clear the student athlete for participation in WIAA sports.

- Sports physicals meet WIAA requirements
- Pre-registration required prior to date of physical
- Completed health history form required
- Medical evaluations performed by a Froedtert & the Medical College of Wisconsin provider
- Orthopaedic evaluations performed by licensed athletic trainers or physical therapists

Cost is \$25 per athlete and \$20 for each additional athlete in same household

Sports physicals do not meet the requirements of an annual medical physical and are not reimbursable by insurance.
