January 29, 2018

Dear Parents or Guardians:

Hartford Union High School is excited to continue to personalize learning for students through our summer school Work Ahead courses.

The Skyward Student Access portal for summer school course selection opens Wednesday, February 7 at 8am and closes Monday, February 12 at 8pm. A 2018 Summer School Course Catalog and directions on how to register online can be found on the HUHS website (*Academics, Programs, Summer School*).

Taking a Work Ahead course in the summer allows students to earn credit in advance of the school year which then opens up their schedule to take additional credit courses during that school year. Please be aware, students can only count 0.5 credit of PE each year towards the 1.5 credits of PE required for graduation. As a result, if a student completes a summer school PE course, any PE course(s) that same year will count as an elective(s).

Students who take courses for credit are only allowed one absence so please consider your child's availability and commitment carefully. See the course catalog for details and specific time frames. Students who register for summer school, but do not attend, may have limited options in adjusting their 2018-2019 course schedules.

Summer school courses that exceed maximum capacity will follow a lottery process. The lottery, if necessary, will be held on Wednesday, February 14, 2018. All students who have registered for summer school will be notified of their status, via email, the week of February 19.

Transportation is not provided for summer school.

If you have additional questions regarding Work Ahead summer school, please contact Connie Darin at connie.darin@huhs.org or via phone at 262-670-3200 extension 213.

Sincerely,

TC Motzkus
Director of Teaching & Learning
