After a tough conference match last Thursday against West Bend East and a 6th place finish in the Washington County Invite Saturday, I was looking for us to return a full lineup and step up our intensity and competitive fight. In many ways we were able to do that in parts of each match, but we couldn't maintain the level of consistency we needed in order to pull out a few more sets and make things real interesting. Gabe showed good grit and pulled out a nice win at 4 singles after a couple of very close tough losses on Saturday. I was proud of him for his resiliency. All of our doubles put together one real solid set, but again, couldn't take advantage of the opportunities consistently enough to sustain the success. We're hoping to rebound in our next few matches and get back on a winning track going in to the end of the season.
