While the weather stayed cold, we were able to stay hot and emerge with our 2nd 6-1 team win for tht day. It was great to start the season out with two good wins. Hopefully these wins in adverse conditions will bring confidence and be springboards for success throughout the season. James Ceman played especially impressive tennis today, dropping only 1 game in four sets. Thomas and Robbie closed their match out better than the previous match and Kris and Devin were a close point away from possibly pulling out a nice come from behind match. I liked what I saw from all of our singles players and see some positive signs from our doubles teams. We certainly have a lot of work to do yet in order to get where we can be, but today was a great start.
